Green Space Minutes 01.07.2015

Due to cold weather only three folks attended the meeting (Doug Dresie, Pat Hogan & Clarence Roller).

We discussed nature park invasives control project. Pat Hogan is pushing forward for requirements allowing his BSA troop to do a project.

Clarence Roller recommended Triclopyr as the most cost effective and safe herbicide for dormant spraying at rate of 1:1 with water or 100%. The generic product is $130/2.5 gallon of 44% plus shipping. If anyone knows of a better price or another product let us know.

Pierce 2020 OGSM goals were discussed. Pat Hogan volunteered to calculate the miles of hiking, walking & bike trails. Doug Dresie is totaling park and green space acreage.
