Trustee Bonnie Batchler asked Clarence Roller from the Greenspace Committee to provide an update to the Board and the residents. Mr. Roller informed the residents that Pierce Township has 165 acres in park land and in the Nature Park there is two

miles of a walking trail. Mr. Roller reported that Chris Clingman (Clermont County's Park Director) is exploring a possible grant through Duke Energy. Finally, Mr. Roller announced that he is working on an Invasive Management Plan for the Nature Park and that the Boy Scouts may be utilized to help control the invasive plants such as honeysuckle, with two dates identified, March 15th and April 11th for pruning, and herbicide applications, volunteer residents were invited to attend with pruning and handsaw tools.

Trustee Richard Riebel gave an update on the Closing of Beckjord and the progress on the mining of the clay. Mr. Riebel shared that the clearing of the land of all trees, shrubs and vegetation has been amazing to see.

Trustee Robert Pautke thanked the Public Works Department for their efforts throughout the snow and weather issues and Mr. Pautke also thanked Chief Bachman and Chief Wright for their departments and their own additional efforts also through the recent snow emergencies.

Administrator Tim Hershner provided an update on the progress of the OGSM (Objectives, Goals, Strategies, and Measurement) plan by the Board and the Township employees and Mr. Hershner reported that he is expecting to present some initial results in April. Mr. Hershner also mentioned the upcoming Community/Residential survey and then announced that he had just delivered the results prior to the meeting of the Employee survey which had recently been conducted. Mr. Hershner then provided an overhead presentation of the Employee survey results and then Mr. Hershner recommended that the department heads and Administrator and the Board begin working on action plans to improve the workplace and the working environment.

Finance Committee - Presentation

Fiscal Officer, Karen Register of Pierce Township introduced Greg Ossege, Stan Shadwell, Ben Pugh and Dave Gooch (when he joined the presentation). This committee is composed Pierce Township residents that have years of financial experience and that volunteer their time in helping the Board and Fiscal Office in evaluating financial challenges and weighing financial options. Mr. Ossege began by restating the amount of losses that Pierce Township will experience from Beckjord's closing. Mr. Ossege also explained that the recommendation for failed Fire/EMS levy last November was based on the anticipated losses to Pierce Township of \$900,000.00, however, since the Clermont County Auditor updated and recently provided new figures that anticipate a \$680,000.00 loss (smaller losses, but still substantial), the Finance Committee recommends placing a smaller levy of 2.1 mils on the ballot for the Fire/EMS service before the Pierce Township voters.

Mr. Pugh also explained that the recommendation is for placing a 10 year Fire/EMS levy on the ballot versus placing a continuous levy on the 2015 November ballot, further noting that the Fire/EMS will use and exhaust the carryover balance within eight years to provide Fire/EMS services to Pierce Township residents. Mr. Pugh explained that the age of the equipment, the fact that the equipment is now breaking down that the Finance Committee understood the Fire Chief's need to replace the 1992

pumper and the need to replace at least one ambulance immediately because of continued breakdowns, Mr. Pugh noted that the delivery of a new ambulance takes eight to nine months once the ambulance is ordered.

Mr. Shadwell recapped the total anticipated annual losses of \$680,823.46 to Pierce Township, with the loss to the Fire/EMS department alone anticipated to be \$229,097.94 each year. Mr. Shadwell then outlined the cost to purchase the two pieces of Fire/EMS equipment needed immediately:

Pumper.....	\$500,000.00
Ambulance.....	\$250,000.00

Mr. Shadwell announced that the Finance Committee had established that a new 2.1 Fire/EMS levy will bring in \$704,000 annually and that this amount will be used to replace needed equipment and to help stop the loss/exodus of trained paramedics and firefighters to other departments due to Pierce Township currently being in the lower spectrum of wages compared to surround departments. Mr. Shadwell explained that Pierce Township is spending the time and money on recruiting and training personnel, only to lose the personnel when the recruits get some experience under their belts and when there are openings for other departments which are paying more. Mr. Shadwell explained that the Beckjord losses may be greater than anticipated and that the Finance Committee cannot pledge that the 2.1 mil levy will be enough to last the full ten years, but he stated that neither did the Finance Committee want to advocate for higher taxes.

Mr. Gooch recapped the presentation and noted that as a Pierce Township resident and a father of two that he personally wanted to maintain Fire/Emergency services that were important to protect the lives and property of all Pierce Township residents.

Mrs. Register provided the residents a quick recap by fund the anticipated annual loss which will be realized in 2016 due to the closure of Duke's Beckjord Power Plant with the following losses broken out by fund as follows:

- General Fund = \$34,234.44
- Road & Bridge = \$57,011.25
- Waste/Garbage = \$69,463.52
- Police = \$291,016.31
- Fire/EMS = \$229,097.94

The Board thanked the Finance Committee for their presentation and their efforts and recommendation. The Finance Committee then took questions from the Board as well questions from the residents in the audience. Mr. Mark Cann thanked the Committee for their efforts and then conversation revolved around the ability to communicate the age of the Fire/EMS equipment, question on why the oldest equipment needed to be replaced and the residents recommended informational and educational meetings throughout the township to help inform the residents and to

answer all questions regarding the proposed 2.1 mil levy. The Board again thanked the Finance Committee for their presentation and was grateful for the public input.

Chief Wright,

Unfortunately, after much thought and discussion with my family I have decided to resign from my part time position as firefighter. My time with the department has been ultra-rewarding and I would not be in the place I am in my career if it weren't for the officers and fellow firefighters of this department. Thank you very much for the opportunity.

Respectfully,

Nick Guilkey

This offer may be withdrawn or revised based on year end BWC experience data which negatively affects your eligibility.

All BWC premiums are still payable to the Bureau of Workers' Compensation via the BWC payroll report. Failure to make these payments can cause rejection from a group rating program.

Group-Experience-Rating Program Enrollment

I agree to comply with BWC's group-experience-rating program rules (Ohio Administrative Code Rules 4123-17-61 through 4123-17-68). I understand my participation in the group-experience-rating program is contingent on such compliance. This form supersedes any previously filed AC-26.

I understand only a BWC group-experience-rating program certified sponsor can offer membership into the program. I also understand if the sponsoring organization listed below is not certified this application is null and void.

I am a member of the OHIO TOWNSHIP ASSOCIATION sponsoring organization or a certified affiliate organization and would like to be included in the group named OHIO TOWNSHIP ASSOCIATION - 41 It sponsors for the policy year beginning January 1, 2016. In addition, I would like to be included in this group each succeeding policy year until rescinded by the timely filing within the preceding policy year of another AC-26 or until the group administrator does not include my company on the employer roster for group-experience-rating. I understand the employer roster submitted by the group administrator will be the final, official determination of the group in which I will or will not participate. Submission of this form does not guarantee participation.

I understand the organization's representative CAREWORKSCOMP, 150-80 (currently, as determined by the sponsoring organization) is the only representative I may have in risk-related matters while I remain a member of the group. I also understand the representative for the group-experience-rating program will continue as my individual representative in the event that I no longer participate in the group-experience-rating program. At the time, I am no longer a member of the program, I understand I must file a Permanent Authorization (AC-2) to cancel or change individual representation.

MEMO

TO: Scott Light
FROM: Bill Baer
DATE: March 16, 2015
SUBJECT: Order Confirmation

Scott,

I wanted to drop you a note to thank the Pierce Township Fire Department & Life Squad for the recent order for a new Horton Emergency Vehicle. Production has received my paperwork and has assigned you with the following Horton production number:

- 17036

At this juncture, changes cannot be made to the primary striping design, exterior color, body design, interior colors and light bar(s) design. Because of the length in time in ordering parts and developing design graphics/specifications it is necessary to include those features as final.

Typically production personnel will return a 'Preliminary Production Order' to me within 60-90 days. The prelim will reflect the design that you have requested. Once I receive this paperwork, I will forward it on to you for your review. I will give you a few days to digest the information. We will then set up a meeting to review the order to verify that it contains everything that you wish. After reviewing we will then sign off on the order as being *Final*.

Again, thank you and your group for the work involved in putting this order together. I look forward to seeing the new Horton at your station.

Thanks,

Bill Baer
