**Subject:** Green Space Minutes 6.3.15

### Green Space Minutes 6.3.15

Trail maintenance, erosion controls and effective invasive plant control were the main discussion points. Facility user volunteers seem the most workable scenario. The volunteers could set up projects via the green space email list for anyone caring to join a work detail in any of the township parks. A call to the township (513-752-6262) alerting staff that you will be working in a park is recommended, this should mitigate calls to the township of a crazed individual roaming the park with an ax.

The volume of woody invasives is very large. Chipping seems the most viable method of reducing the volume. I will research the availability of a chipper via [www.ShareOhio.gov](http://www.ShareOhio.gov). We might get lucky.

Also discussed was adopting a green space plan similar to Indian Hill's. This would set aside a portion of your property as green space with the reward of reduced property taxes. Additional discussion is required. We definitely would like input from Brian and Jaci St. Clair as they are looking to convey part of their property to the township.

Meeting attendees:

Tim Hershner

Pat Hogan

Eric Doepke
