Subject: Green Space Minutes 8.5.15

Green Space Minutes 8.5.15

Park/Green Space master plan discussed:

George Carpenter and Doug Dresie are putting together a plan shell. The committee feels having a master plan will ease the prospects for getting grant funds.

As a part of this shell over time we hope to create maps of the hike/bike trails to visualize trail linkages.

The committee has scheduled an invasives removal party for Saturday, 10.17.15 from 9-noon. Monroe Township has kindly agreed to lend us their chipper.

(spoke with Jim @ Monroe Township about the wood chipper and he stated the wood chipper would need to be pulled by a one ton truck. The wood chipper would need to stay on a street/driveway due to weight. **Please** let me know if you wish to borrow the wood chipper for 10/17/15.)

When planning trail and green space projects, they should be scheduled through the township to coordinate and distribute the information. As well as keeping the township aware of activities.
