**Note:**

1. The Track Coat, Tracless application shall be in accordance with item 407 - Tack Coat with the following additions. The material shall be NTSS-1HM
2. After completion of the placement of the item 448 asphalt concrete, the new pavement shall be edge-sealed with material as specified under item 407.02 of the O.D.O.T. Construction and Material Specifications Manual in force at the time of letting.
3. At all locations where new resurfacing is meeting old pavement, a planed butt joint shall be installed per O.D.O.T. Standard Construction Drawing BP-3.1. There will be no separate pay item for this work and shall be considered incidental to the surface course pay item.
4. All driveways shall be edge and tared.
